Professor: Dr. Ann Castelfranco

Office: 412 Keller Hall (office hours)
or
Pacific Biosciences Research Center, Room 206
1993 East-West Rd.

Phone: 956-4659 (Math); 956-9283 (PBRC)

E-mail: castelf@pbrc.hawaii.edu
Web site: http://www.math.hawaii.edu/~castelf

Office hours: Monday, Wednesday 9:30-10:30 AM in Keller 412, and by appointment
(possibly in PBRC 206).

Attendance and Grading:
Regular attendance to class lectures is required, and roll may be taken from time to time. You are responsible for all material covered in class even if it does not appear in the text, but only in handouts and lectures. The grade will be determined by three in-class midterm exams, a cumulative final exam, and combined homework and quiz scores. Homework will be assigned regularly, but rarely collected. Homework assignments will be posted on the web page. Weekly quizzes will be given based directly on the homework assignments. I reserve the right to give a quiz at any time without prior notice. You will not be allowed to use a calculator on the exams and quizzes. A crib sheet (one side of one 8.5x11 sheet of paper) will be permitted for the exams, but not for quizzes.

The exams and homework/quizzes will be weighted as follows:

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes (from homework)</td>
<td>16.7%</td>
<td>Weekly</td>
</tr>
<tr>
<td>Exam 1</td>
<td>16.7%</td>
<td>Friday, February 9th</td>
</tr>
<tr>
<td>Exam 2</td>
<td>16.7%</td>
<td>Friday, March 9th</td>
</tr>
<tr>
<td>Exam 3</td>
<td>16.7%</td>
<td>Monday, April 9th</td>
</tr>
<tr>
<td>Final</td>
<td>33.3%</td>
<td>Monday, May 7th, 7:30-9:30 AM</td>
</tr>
</tbody>
</table>

(Dates for midterm exams are approximate.)
**Course Material:**
We will cover most of chapters 1-7 of the textbook. Chapter 1 is review material and so will be covered quickly.

**General Policies:**

**Missed exams/quizzes:**
Make-up exams will only be given in very unusual circumstances, with one week prior notification (or, in event of an emergency, with very strong documentation of that emergency). No make-up quizzes will be given, instead the amalgamated quiz score will be based on a ‘trimmed mean’ that drops the two lowest quiz scores.

**Cheating:**
Cheating will not be tolerated in this class. It is the student’s responsibility to ensure that (s)he does not copy from another student, or let another student copy from him or her. If a student is caught cheating, then the standard consequence will be a grade of F in the course.

**Cell phones, etc:**
Cell phones must be turned off and kept in your book bag or pocket during class. They are not to be left out on your desk during class. The same applies to MP3 players.

**Expectations:**
Please read the statement at the ‘Academic Expectations’ link at the class web site. It will give you a sense of what I expect from you as far as work and personal responsibility.

**Respect:**
A few insensitive people can easily (and inadvertently) irritate many classmates at one time. Please try to respect the personal space of others - in particular, try to limit classroom discussion to that which is appropriate for the class. Also remain seated during the class. It is disruptive and disrespectful to walk in and out of the classroom during the lecture.

**Laptops:**
Please close all computing devices and do not use them in this classroom during lecture.
