

TEACHING EXPERIENCE

MICAH W. CHRISMAN

I began teaching in the spring semester of 1999 at Virginia Tech. Since then, I have worked at 4 institutions. Some courses I have taught required me to lead a 4 hour lecture and lab class, while in other courses I have functioned mostly as a grader. Included here is a list of the courses I have taught with there respective responsibilities. My intention is for this table to complement my statement of teaching philosophy.

Key:

- VT-Virginia Polytechnic Institute and State University, Blacksburg, VA.
- RC-Roanoke College, Salem, VA.
- SWVGS-Southwest Virginia Governor's School for Math and Science, Pulaski, VA. This is a public magnet school for gifted high school students.
- UHM-The University of Hawai'i at Manoa.
- UHOC-University of Hawai'i Outreach College. This is the branch of UH Manoa that teaches evening and summer courses. For these courses, full responsibility was given to the instructor.
- S-Spring semester.
- F-Fall Semester.
- Su-Summer term.
- GR-Grading and Recording.
- OH-Office Hours.
- Lab-This course contained a computer lab component that I led.
- MA-I made the assignments for this course.
- Lec-I was responsible for all of the lecturing for this course.
- Rec-This course contained a recitation component.
- Hrs/Wk(Sects.)-The first number is the number of classroom hours. The number in parentheses is the number of sections of that course I taught that semester.
