Math 241-802 – CALCULUS I
UNIVERSITY OF HAWAI'I AT MANOA

Instructor:  Ka Lun (Allan) Wong
            Keller 404C
            wongkl@math.hawaii.edu
            http://www.math.hawaii.edu/~wongkl/

Office hours: MWF 9:30a-10:30a
            (or by appointment)

Course Coordinates: MWF 8:30-9:20am Keller 301
                    F 10:30-11:20am Keller 401

        (It comes with a Pearson's MyMathLab student access kit)
        - or you may purchase the access code online separately ($50, it comes with an ebook)

Prerequisites: A grade of C or better in Math 140 or Math 215 or passing the assessment exam
               (placement exam) as specified by the department (with Part I 14/24, Part II 12/20, BMAT 3).

Course Material: This course will cover parts of chapters 2-6 of the text. The main topics are the
ting limits of functions, differentiation of functions, and integration of functions. We will cover a
number of mathematical applications of each.

Grade: Your final grade for the course is determined according to the following scheme:

    Homework: 20%
    Quizzes and Classwork: 15%
    Midterm 1: 15%
    Midterm 2: 15%
    Midterm 3: 15%
    Final: 20%

Homework: Homework will be assigned for every class period (Either/both online from MyMathLab
or/and written). **NO** late homework is accepted unless you have a doctor-signed medical excuse or a
University-approved excuse for off-island athletic events. You are encouraged to work with your
classmates. Simplify your answers for the written homework. Give exact answers instead of decimals
unless specified.

Quizzes and Class work: Quizzes will be given on Friday during the recitation session. Class work
can be given during any lecture day but mostly during the recitation session.

Exams: Exams are closed book. No notes and calculator. No cell phones. The (common) final exam
will be an accumulative written exam given on December 14 (Monday), 2015 at 7:30-9:30am.
Important Dates:
August 31 (Monday) ........................................................................................................... Last day to drop without "W"
September 7 (Monday) ...................................................................................................... Holiday: Labor Day
October 23 (Friday) .......................................................................................................... Last day to withdraw with "W"
November 11 (Wednesday) ............................................................................................. Holiday: Veterans’ Day
November 26 (Thursday) .................................................................................................. Holiday: Thanksgiving Day
November 27 (Friday) ........................................................................................................ Non-instructional Day
December 10 (Thursday) .................................................................................................... Last day of instruction
December 11-12 (Friday-Saturday) .................................................................................... Study Days
December 14 (Monday) ........................................................................................................ Final Exam
